GAP'S CROWN VINEYARD Sonoma Coast Pinot Noir

Perched on the western face of Sonoma Mountain, this estate property gets maximum exposure to the Petaluma Gap's whipping winds and fog, making Gap's Crown the coldest property in our portfolio. In this pinot noir haven, the fruit is subject to the Pacific Ocean's bold marine layer and builds strength while basking in the warm but short afternoons. With vines specifically planted to withstand the morning fog and powerful winds, our Gap's Crown Pinot is rich and boisterous. One of our best candidates for long-term cellaring, this pinot is full of savory notes that converge into mouthwatering black cherry, Earl Grey tea, and gingerbread. We are infatuated.

We believe in stewardship of the land, the vineyards, and the people. We are for real connections, real history, real wines; experiences you will never forget. We welcome you to our home, the Adobe, for an historic tasting in Sonoma.
